YOUR SUPPORT MATTERS

With the advent of HIV treatments including PrEP, we have expanded our focus to include those who typically do not have access to care. They are underserved and uninsured LGBTQ+, Black and Latinx, trans women and men, those who are unhoused, and those with substance use disorders. Often, they are people with severe mental illness.

YOU CAN HELP

AHP invites community partners, corporations, and foundations to join us in support of over 40 years of pioneering mental health care, HIV prevention and testing, provider education, and research efforts. For more information, visit alliancehealthproject.ucsf.edu/donate.

4-9 PM | SATURDAY, OCTOBER 4, 2025 UCSF NANCY FRIEND PRITZKER PSYCHIATRY BUILDING 675 18TH STREET, SAN FRANCISCO

Art for AIDS raises critical funds for the mental health and wellness of HIV-affected and LGBTQ+ community members at Alliance Health Project. Your sponsorship means more help, more services, and more care provided to clients in crisis, those with mental illness, HIV, and those who are homeless or coping with substance use disorders.

Join us at the Nancy Friend Pritzker Psychiatry Building on UCSF's Mission Bay Campus, where we will feature expertly curated silent and live auction art pieces, and enjoy cocktails, wine, food, and music while bidding on paintings, drawings and prints, photography, and mixed media donated by our community of dedicated artists and collectors.

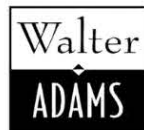

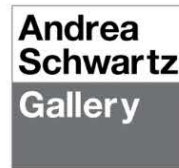

The open, inclusive spirit of the Pritzker Building echoes AHP's approach to client care. We share a message of hope for clients facing social injustices like mental illness, racism, discrimination, HIV stigma, homophobia and transphobia. This partnership is also an acknowledgment of the life of Nancy Friend Pritzker and her family, the UCSF Department of Psychiatry and Behavioral Sciences, and the work of Alliance Health Project.

We look forward to having you join us.
